General Comment

Please, please, please do not vote to remove our ability to trade options in IRA accounts. This has proven to be a wonderful way to protect our savings. Not allowing Americans the use of learning how to trade options and to use them to their advantage is a huge denial of our rights. Why in the world would our government representatives take more away from us? Are we really getting to the point where only rich people can make money in America? Please protect us little guys too. Thank you for thinking about it and then vote for us too.
